

# Simplify your life. *(really)*

Streamlining your living space is the ultimate step in simplifying your life. Does your home reflect your lifestyle and values today?

The Cottages at Carmel homes provide the perfect living space for you to decompress from stress — not add to it.

Home features include:

- Main floor living
- 2–4 bedrooms
  - Main floor master option
- 4 floorplans
- Quality appointments & finishes
- Paired cottage bungalows
- Maintenance-free community

A safe, secure environment within walking distance of downtown Carmel, the Cottages at Carmel is close to where you want to spend your time. Whether your taste leans towards the Monon Trail and Center, Clay Terrace, the Carmel Arts & Design District, Carmel City Center, Merchants Square or the endless restaurants and shopping venues in Carmel, you're just minutes away. We're also near conveniences like the hospital, library and Meridian corridor.

The Cottages at Carmel offers re-sizing, not downsizing. Our 2,000+ square foot paired cottage bungalows live much bigger, without wasted space. Main-level living interiors and maintenance-free exteriors make life at the Cottages as simple as it gets.
